

Ilia State University Business Research Center is pleased to invite interested partners to the EU Brokerage Event «**An interdisciplinary approach to Doctoral Education. Building toxic Free Europe: Examining implications of Phthalates**»

The objective of the brokerage event is to present the latest research from various disciplines on Phthalates' implications on human lives. The aim is paving the way for future co-operations among European partners and establishing a consortium for MARIE SKŁODOWSKA-CURIE INNOVATIVE TRAINING NETWORKS-H2020-MSCA-ITN-2020 within the framework of Horizon 2020 Work Programme 2018-2020.

The workshop is open to interested participants from all over the World: Universities, research institutions, private and public sectors. Proceedings of the event will be published on this website. Participants will have the possibility to share their opinion by written and/or oral form or take part in the round-table discussions.

For more information please visit the website <http://horizon2020.iliauni.edu.ge/>

The brokerage event will be held on June 26-28, 2019 at Ilia State University, Cholokashvili Ave 3/5, E207, Tbilisi 0162, Georgia.

Participation is free of charge but [registration](#) is mandatory since the number of participants is limited.

This brokerage event (Project #H2020-II-18-093) has been supported by [Shota Rustaveli National Science Foundation of Georgia \(SRNSFG\)](#)
